

PC-board holder

– for 3 U eurocards incl. mounting material

art. no.	
VS 1	
class of inflammability:	UL 94 V-0
material:	polyamid GV

– for PCBs in any size incl. mounting material
– 1 set = 2 pcs.

art. no.	
VS 2	
class of inflammability:	UL 94 V-0
material:	polyamid GV

– with M 2.5 threads for front panel and circuit board mounting

art. no.	
VS 3	
material:	zinc die-casting

Circuit board holder

– with M 2.5 threads for front panel mounting and through-hole for circuit board mounting

art. no.
VS 4
material: zinc die-casting

– with M 2.5 threads for circuit board mounting and through-hole for front panel mounting (using an aluminium handle)

art. no.
VS 5
material: zinc die-casting

– for the double-sided assembly of circuit boards in grid of 1 HP
 – part front panel requires special drilling
 – with M 2.5 threads for front panel and circuit board mounting

art. no.
VS 6
material: zinc die-casting

– for the double-sided assembly of circuit boards in grid of 1 HP
 – part front panel requires special drilling
 – with M 2.5 threads for front panel mounting and through-hole for circuit board mounting

art. no.
VS 7
material: zinc die-casting
